Summary

Final-year Electronics and Communication Engineering undergraduate with strong foundation in Data Structures & Algorithms, Object-Oriented Programming, and Database Management Systems. Hands-on full-stack development experience in React.js, Node.js, and MongoDB, with proficiency in C, C++, Python, and JavaScript. Strong analytical and debugging skills with a quick-learning approach, seeking an Associate Software Developer role to contribute to scalable applications and grow as a software developer.

Education

Arya College of Engineering and IT <i>Bachelor of Technology in Electronics and Communication Engineering; CGPA: 8.0/10.0</i> • Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering Principles	Jaipur, Rajasthan Aug 2023 – Aug 2027
Govt. Sr. Sec. School, Jalor <i>Higher Secondary (12th), RBSE – 71%</i>	Rajasthan 2023
Govt. Sr. Sec. School, Kalandri <i>Secondary (10th), RBSE – 89%</i>	Rajasthan 2021

Projects

Full-Stack Developer – Telemedicine Application <i>React.js, Node.js, Express.js, MongoDB, JavaScript, REST APIs</i>	2024
• Delivered a production-style telemedicine platform reducing manual appointment coordination through automated scheduling, supporting online doctor consultations and patient record management end-to-end	
• Designed and implemented RESTful APIs and MongoDB schema to handle patient/doctor data, appointment logic, and real-time availability filters, applying core Database Management and OOP principles	
• Debugged and tested real-time chat and video consultation modules across patient/doctor dashboards, ensuring reliable functionality prior to release	
• Optimized appointment form rendering through lazy loading and reduced re-renders, improving load performance by 50% and demonstrating strong analytical problem-solving	

Technical Skills

Languages: C, C++, Python, JavaScript, SQL
Core CS: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Software Development Life Cycle (SDLC)
Web Development: React.js, Node.js, Express.js, HTML5, CSS3, REST APIs
Databases: MongoDB, MySQL
Tools & Practices: VS Code, Cursor

Certifications

TCS iON Career Edge – Young Professional • Professional training in communication, interviews, and AI fundamentals	June 2025
Natural Language Processing for Developers – Infosys Springboard • Hands-on training in NLP and text processing	Aug 2025

Achievements

- **Scintillation 2024-25**, Arya College – Recognized for academic and technical excellence
- Participated in Hackground India 2K25 and UEM Hackathon Jaipur, national-level hackathon competitions demonstrating quick learning and teamwork under time constraints
