EDUCATION

Arya College of Engineering and IT

Bachelor of Technology in Electronics and Communication Engineering

Jaipur, Rajasthan

Aug 2023 – Aug 2027

- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Artificial Intelligence, Machine Learning

PROJECTS

AI-Powered Web Applications

React.js, JavaScript, HTML/CSS, Machine Learning

2024

- Built multiple full-stack web applications integrating AI/ML capabilities to solve real-world problems
- Implemented responsive user interfaces with React.js and optimized frontend performance for enhanced user experience
- Applied data structures and algorithms to optimize application logic and improve computational efficiency

Data Analytics Solutions

SQL, Python, Data Analysis

2024

- Developed data-driven solutions to extract insights from complex datasets using SQL queries and analytical techniques
- Created visualizations and reports to communicate findings effectively to stakeholders

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript, SQL, Python (Basic)

Web Technologies: HTML, CSS, React.js, Responsive Design

Computer Science Fundamentals: Data Structures and Algorithms, Object-Oriented Programming, Database Management

AI/ML: Artificial Intelligence, Machine Learning (Fundamentals), Data Science

Tools & Platforms: Git, Linux/Unix, Microsoft Excel, Data Analytics Tools

Soft Skills: Problem-Solving, Team Collaboration, Communication, Analytical Thinking

CERTIFICATIONS & ACHIEVEMENTS

Hackground India 2K25 – Certificate of Participation in national hackathon competition

Deloitte Australia Data Analytics Job Simulation – Completed virtual job simulation in data analytics

Microsoft Data Analysis Certificate – Certified in data analysis methodologies and tools

Scintillation 2024-25 – Award from Arya College for academic and technical excellence
